**Chaos Mage (Age of Darkness) By Stephen Aryan**

**The final book in the epic fantasy trilogy that began with Battlemage - expect fireball-filled battles, otherworldly enemies, and heroically powerful mages**

Voechenka is a city under siege. Decimated by the Battlemage War, its dead now walk the city at night, attacking survivors, calling their names and begging the living to join them beyond the grave.

**Tammy** is a watchman sent to the city to investigate, so the ruling powers can decide whether to help Voechenka or leave it to its grisly fate.

**Zannah** is a pariah in Voechenka - making up for her people's war crimes by protecting refugees who fear her far more than they fear their unearthly attackers.

**Balfruss** is a scholar, a traveler . . . and the infamous mage who single-handedly ended the war.

No one else may enter or leave the city - so if this ragtag group of survivors can't figure out what is going on, they'll live out their last few, short days within its walls.

And night is coming on fast . . .
