Clinical Ophthalmology: A Synopsis, 1e By Jack J. Kanski MD MS FRCS FRCOphth

Attractively designed and effectively presented, this portable handbook is a synopsis of Jack Kanski's bestselling book Clinical Ophthalmology, featuring a number of brand-new illustrations as well as added rare diseases and examination techniques. It serves as an essential guide to help users recognize, diagnose and manage a range of common and important ocular conditions. Each condition has at least one full-color clinical photograph and information on its signs, causes, treatment, differential diagnosis, and complications or associations. This rapid reference is a must-have pocket guide for all ophthalmologists, optometrists, and eye-care professionals.

- Key information is provided at a glance for the busy practitioner, or as a study aid for students.
- Extensively illustrated, with a full-color clinical photograph of each important condition.
- Consistent presentation details each condition's signs, causes, treatment, differential diagnosis, and complications.
- Content reflects the material in Clinical Ophthalmology, 5th Edition in a quick-reference synopsis format.
- 50% of the figures in this synopsis are entirely new, and additional rare diseases and examination techniques are also included.
- Written by one of the most respected writers and experts in the field, offering years of experience distilled into a portable, practical handbook.

Editorial Review

Review

"It maintains the high quality visuals of its bigger brother while summarising the clinical information in a way that makes it excellent for revision purposes." *Bill Harvey*, Optician, June 2004

the British and Irish Orthoptic Journal; 2005; Liz Gaccon

This little book is a fantastic reproduction of Kanski's Clinical Ophthalmology. It provides excellent photographs and is a great reference book for anyone working in Ophthalmology Optometry, Orthoptics and Doctors generally. It is extremely good value for money.

About the Author

Users Review

From reader reviews:

Kim McLoughlin:

What do you regarding book? It is not important along with you? Or just adding material when you really need something to explain what the one you have problem? How about your free time? Or are you busy individual? If you don't have spare time to complete others business, it is give you a sense of feeling bored faster. And you have extra time? What did you do? Every person has many questions above. The doctor has to answer that question simply because just their can do that will. It said that about reserve. Book is familiar on every person. Yes, it is right. Because start from on jardín de infancia until university need that Clinical Ophthalmology: A Synopsis, 1e to read.

Douglas Barney:

In this 21st centuries, people become competitive in most way. By being competitive currently, people have do something to make all of them survives, being in the middle of the crowded place and notice by surrounding. One thing that often many people have underestimated the item for a while is reading. Yes, by reading a reserve your ability to survive improve then having chance to stand than other is high. In your case who want to start reading some sort of book, we give you that Clinical Ophthalmology: A Synopsis, 1e book as beginning and daily reading reserve. Why, because this book is usually more than just a book.

Aubrey Newsome:

Do you one among people who can't read satisfying if the sentence chained inside the straightway, hold on guys this aren't like that. This Clinical Ophthalmology: A Synopsis, 1e book is readable simply by you who

hate those perfect word style. You will find the details here are arranged for enjoyable examining experience without leaving perhaps decrease the knowledge that want to provide to you. The writer involving Clinical Ophthalmology: A Synopsis, 1e content conveys prospect easily to understand by lots of people. The printed and e-book are not different in the articles but it just different such as it. So, do you nevertheless thinking Clinical Ophthalmology: A Synopsis, 1e is not loveable to be your top listing reading book?

Blair Gant:

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library in order to make summary for some guide, they are complained. Just small students that has reading's internal or real their passion. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So, this Clinical Ophthalmology: A Synopsis, 1e can make you sense more interested to read.
