Hapgood: A Play By Tom Stoppard

With his characteristically brilliant wordplay and extraordinary scope, Tom Stoppard has in *Hapgood* devised a play that "spins an end-of-the-cold-war tale of intrigue and betrayal, interspersed with explanations of the quixotic behavior of the electron and the puzzling properties of light" (David Richards, *The New York Times*). It falls to Hapgood, an extraordinary British intelligence officer, to try to unravel the mystery of who is passing along top-secret scientific discoveries to the Soviets, but as she does so, the web of personal and professional betrayals?doubles and triples and possibly quadruples?continues to multiply.

Editorial Review

From the Back Cover

Does light come in waves or particles? Experiment will show either: the experimenter can choose. 'A double agent is like a trick of the light,' Kerner the physicist tells Blair the spycatcher. 'You get what you interrogate for.' Dual natures, of light and of people, are the theme of Tom Stoppard's espionage thriller. Kerner's secret research is being leaked to Moscow. Is Ridley the double? Or is Kerner a triple? Hapgood is the person to find out, and maybe it will need two of her.

About the Author

Tom Stoppard is the author of more than twenty plays, including, most recently, *Rock 'n' Roll*. He lives in London.

Users Review

From reader reviews:

Christopher Olsen:

Information is provisions for individuals to get better life, information these days can get by anyone in everywhere. The information can be a information or any news even a huge concern. What people must be consider whenever those information which is inside the former life are hard to be find than now is taking seriously which one is suitable to believe or which one often the resource are convinced. If you find the unstable resource then you understand it as your main information you will see huge disadvantage for you. All of those possibilities will not happen with you if you take Hapgood: A Play as your daily resource information.

Ellen Garcia:

Playing with family inside a park, coming to see the sea world or hanging out with buddies is thing that usually you might have done when you have spare time, in that case why you don't try issue that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Hapgood: A Play, you could enjoy both. It is fine combination right, you still wish to miss it? What kind of hang-out type is it? Oh can happen its mind hangout folks. What? Still don't understand it, oh come on its named reading friends.
