Here Be Dragons: A Novel (Welsh Princes Trilogy) By Sharon Kay Penman

Thirteenth-century Wales is a divided country, ever at the mercy of England's ruthless, power-hungry King John. Llewelyn, Prince of North Wales, secures an uneasy truce by marrying the English king's beloved illegitimate daughter, Joanna, who slowly grows to love her charismatic and courageous husband. But as John's attentions turn again and again to subduing Wales---and Llewelyn---Joanna must decide where her love and loyalties truly lie.

The turbulent clashes of two disparate worlds and the destinies of the individuals caught between them spring to life in this magnificent novel of power and passion, loyalty and lies. The book that began the trilogy that includes *Falls the Shadow* and *The Reckoning*, *Here Be Dragons* brings thirteenth-century England, France, and Wales to tangled, tempestuous life.

Editorial Review

Review

“A masterful picture of Wales in the thirteenth century . . . vividly pictured as grandly beautiful, its people volatile, stubborn, and mystic.” ?*The San Diego Union*

“There is everything in *Here Be Dragons* but dragons: princesses held captive in stone towers, bloody wars, princes scheming to dethrone their own brothers, castles under siege, maidens in distress, power struggles for half of civilization, rampant infidelity, lusting, mead guzzling, wine drinking, love affairs that topple kingdoms---how did England survive the thirteenth century? . . . History and fiction bound up together in historical novels have always had their own uneasy alliance. . . . Penman deftly makes the mesh work.” ?*The Washington Post Book World*

“Remarkable. . . . Her writing is faultless, deftly interweaving the threads of the various story lines into a glowing, living tapestry. . . . This is storytelling at its finest.” ?*United Press International*

“With a fidelity to historical detail, a deep understanding of the period, a lucid, felicitous prose style, a sensitivity to nuances of character, and a sure sense of drama, the new novel by the author of *The Sunne in Splendour* is an engrossing tale.” ?*Publishers Weekly*

From the Publisher

As a publisher I have been lucky to be able to visit bookstores all over the country, independent and chain alike. What interests me first about these stores is what titles are being displayed in the 'Staff Recommends' section of the store. It is here that you can find treasured, beloved books quite dear to someone who works in the stores, someone waiting quite eagerly for the chance to hand sell their recommended titles.

It is in these Staff Recommend sections that I kept on seeing our Penman's titles, HERE BE DRAGONS, FALLS THE SHADOW, THE RECKONING and also SUNNE IN SPLENDOUR and WHEN CHRIST AND HIS SAINTS SLEPT.

It's funny, you can sell something for years before you notice that the author has been quietly making a powerful impact on people everywhere.

I started with HERE BE DRAGONS and I have never looked back. Her trilogy of the decline of the Welsh kings (DRAGON, FALLS THE SHADOW and THE RECKONING)is a holiday gift I give year after year, and I'm happy to say they have always been embraced and loved. From my 15 year old niece to my 70 year old mother and many ages in between, all readers are enchanted and transported to a land and an age gone forever. But Penman makes them live forever in our minds and hearts with fantastic, unforgettable characters and wonderful history. HERE BE DRAGONS is such a great title--medieval mapmakers would write those words across any part of the map that was unknown.. a wonderful metaphor for how little the Welsh and English knew of each other.

SUNNE IN SPLENDOUR--Warning: This is not Shakespeare's Richard III. In this novel, Richard is a victim of circumstance and man vilified by the Tudors, but here presented as a decent and normal man, a man of conscience.

AND he is not a murderer. Yes, those princes did die, but not by Richard's hand.

WHEN CHRIST AND HIS SAINTS SLEPT

Another wonderful title, for it refers to the 15 years of England's darkest time-the civil war between the cousins Queen Maud and King Steven. England was deserted, for Christ and his saints were sleeping. I had never even heard of these royals. Queen Maud was the legitimate heir to the throne, but a woman, and therefore not fit to rule. She is also the mother of Henry, who later married Eleanor of Aquitaine . Pretty heady stuff, more incredible men and women, another book to get totally lost in.

Although it has been years since all these books were first published, I can name 5 stores I have been in in the past 3 months that have one of these titles in the Staff Recommends section.

-Alice Kesterson, Ballantine Regional Sales Manager

From the Inside Flap

"A masterful picture of Wales in the 13th century...vividly pictured as grandly beautiful, its people volatile, stubborn and mystic."

THE SAN DIEGO UNION

Thirteenth-century Wales is a divided country, ever at the mercy of England's ruthless, power-hungry King John. Then Llewelyn, Prince of North Wales, secures an uneasy truce with England by marrying the English king's beloved, illegitimate daughter, Joanna. Reluctant to wed her father's bitter enemy, Joanna slowly grows to love her charismatic and courageous husband who dreams of uniting Wales. But as John's attentions turn again and again to subduing Wales--and Llewelyn--Joanna must decide to which of these powerful men she owes her loyalty and love.

A sweeping novel of power and passion, loyalty and lives, this is the book that began the trilogy that includes FALLS THE SHADOW and THE RECKONING.

Users Review

From reader reviews:

Marina Rutt:

Throughout other case, little individuals like to read book Here Be Dragons: A Novel (Welsh Princes Trilogy). You can choose the best book if you want reading a book.
