Some Are Sicker Than Others By Andrew Seaward, Andrew A. Seaward

"Seaward not only weaves an exceptionally well-constructed story with wholly credible characters, he offers deeper insights and relates more factual information about the disease of addiction than any other writer to date." -**Grady Harp, Top 10 Amazon Reviewer**

"Monty Miller's journey reminds us of the difficult road of acceptance, forgiveness and redemption that we all must take at some point in our lives." -**Cyrus Webb, Top 500 Amazon Reviewer**

"This is a very dark, harsh, unmerciful look at addiction with unrelenting exposure of its consequences." -**Dr. Patricia Laster, Psychologist and Author of "Breaking Free"**

THE LIVES OF THREE UTTERLY HOPELESS ADDICTS CONVERGE FOLLOWING AN ACCIDENTAL AND HORRIFIC DEATH.

Monty Miller, a self-destructive, codependent alcoholic, is wracked by an obsession to drink himself to death as punishment for a fatal car accident he didn't cause.

Dave Bell, a former all-American track star turned washed-up high school volleyball coach, routinely chauffeurs his bus full of teens on a belly full of liquor and head full of crack.

Angie Mallard, a recently divorced housewife with three estranged children, is willing to go to any lengths to restore the family she lost to crystal meth.

All three are court-mandated to a drug & alcohol rehab high in the foothills of the Rocky Mountains. There, they learn the universal truth among alcoholics and addicts:

Though they may all be sick...*SOME ARE SICKER THAN OTHERS.*

Based on the author's own personal experience with substance abuse and twelve-step programs, *Some Are Sicker Than Others*, transcends the clichés of the

typical recovery story by exploring the insidiousness of addiction and the thin, blurred line between true love and codependence.

With the harsh realism of Brett Easton Ellis and the dark, confrontational humor of Chuck Palahniuk, Mr. Seaward takes the reader deep inside the psyche of the addict and portrays, in very explicit details, the psychological and physiological effects of withdrawal and the various stages of recovery.

As *Top 10 Amazon Reviewer*, Grady Harp, put it: "What sets Andrew's novel apart from other recovery stories is his deep understanding of the physiochemical aspects of substance abuse and addiction. Seaward not only understands the socioeconomic, psychological and, yes, criminal impact these people create, he also displays such a profound understanding of the physiological/medical aspects of addiction that we are left to wonder if he hasn't been down the path of his characters himself."

Editorial Review

Review

"THIS BOOK NAILS IT down to the gritty core. Not only are the characters rich and compelling, they are honest, truthful, and written from a place of utter compassion. The author has done something that not many writers before him were able to do. He has presented the topic of addiction & recovery as it truly is; maddening, ambivalent and utterly relentless." -**Alexander Ruzumican**

"Dark, gritty, compelling...a harrowingly emotional experience that rings true to the very last word." -**Doug Kurtz, acclaimed author of Mosquito**

"Honest, direct, and confrontational. This book will lead you on a serious rollercoaster ride of emotions. Mr. Seaward discusses in very explicit details the mental, psychological and physical effects of withdrawal and the various stages of recovery." -**Ashley LaMar, Closed the Cover Book Reviews**

"Emotionally raw and harrowingly real, Some Are Sicker than Others is a moving story of redemption. The thoroughly cultivated iced-over setting provides a perfect backdrop for the story; one can easily concoct in one's mind the snowy, mountainous landscape Seaward paints with his words." -**Amy Jodoin, Portrait of an Artist**

"Seaward not only weaves an exceptionally well-constructed story with wholly credible characters, he offers deeper insights and relates more factual information about the disease of addiction than any other writer to date." -**Grady Harp, Top 10 Amazon Reviewer**

From the Author

"Name a hospital in Pennsylvania, I've been there. A rehab in Texas, I've stayed there. I've been strapped down to hospital beds, thrown into drunk tanks, and locked in padded rooms no bigger than a broom closet. I've woken up on railroad tracks, passed out on park benches, I even drank a bottle of cologne once because I couldn't make it to the liquor store before closing time. And for what? A moment of numbness, a flicker of tranquility? No. I realize now, that the reason I drank was because I was too afraid to admit who I really was. I'm an artist. A storyteller. A writer. An author. It took me a long time to finally admit this, and now that I have, I won't stop until I'm six feet under. Based on my own personal adventures in addiction and recovery, my debut novel, SOME ARE SICKER THAN OTHERS, takes you on a hellish journey inside the diseased mind of the addict. From a codependent alcoholic wracked by an obsession to drink himself to death...to a delusional high school volleyball coach with a dependency on crack...the characters in my novel are not just fiction, they are amalgamations of the people I met on my journey. Tragically flawed yet desperately hopeful, this cast of unlikely heroes will challenge your preconceived notions of what it means to be an addict. Some of you will laugh, some of you will cry, others may see themselves in the characters' lives. Either way, I think you're going to enjoy the story, because, if there's one thing an addict isn't...it's boring." - **From Andrew's Interview at the American Chronicle**
