Editorial Review

Review

Home Advantage is already a classic in the sociology of education. It is theoretically rich and its findings are profound. It is also a model of excellence for qualitative research methods. (Adam Gamoran, University of Wisconsin, Madison)

Home Advantage is a marvelous tool for teaching about both the dynamics of school-family linkages and the realities of the process of social research. The book invariably triggers spirited discussions among students, and has a lasting influence on how they think about the sociology of education and about research. (Aaron M. Pallas, professor of sociology and education, Teachers College, Columbia University)

Home Advantage is a superb empirical study of family-school relations. The nuanced analysis, especially of the dynamics of social class, has given this work the well-earned status of a classic whose insights are of lasting value. (Barrie Thorne, author of *Gender Play: Girls and Boys in School*)

An important and timely book about the ways parents are able (and unable) to shape their children's educational experiences. . . . Should be read by all current and future educators . . . required reading for students of qualitative research. (*American Journal of Sociology*)

Home Advantage is the most compelling empirical illustration I have found of the concept of cultural capital. It is a rich book to teach, and in the stratification course in which I used it, the students considered it the best of the books they were assigned. (Doug Porpora, Department of Psychology and Sociology, Drexel University)

About the Author

Annette Lareau is the Stanley I. Sheerr Professor in the Social Sciences and Professor in the Department of Sociology at the University of Pennsylvania.

Users Review

From reader reviews:

Rodney Bryant:

Nowadays reading books be than want or need but also become a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge your information inside the book that improve your knowledge and information. The data you get based on what kind of reserve you read, if you want drive more knowledge just go with schooling books but if you want really feel happy read one with theme for entertaining for instance comic or novel. Typically the *Home Advantage: Social Class and Parental Intervention in Elementary Education* is kind of publication which is giving the reader unpredictable experience.

Jessica Hodgkins:

Reading a publication can be one of a lot of pastime that everyone in the world likes. Do you like reading book thus. There are a lot of reasons why people enjoyed. First reading a reserve will give you a lot of new data. When you read a guide you will get new information since book is one of various ways to share the information as well as their idea. Second, reading through a book will make a person more imaginative. When you reading through a book especially fictional works book the author will bring someone to imagine the story how the characters do it anything. Third, you could share your knowledge to some others. When you read this Home Advantage: Social Class and Parental Intervention in Elementary Education, it is possible to tells your family, friends in addition to soon about yours reserve. Your knowledge can inspire different ones, make them reading a e-book.

Cesar Ford:

Reading a guide tends to be new life style with this era globalization. With reading you can get a lot of information that may give you benefit in your life. With book everyone in this world can easily share their idea. Books can also inspire a lot of people. Lots of author can inspire their very own reader with their story or perhaps their experience. Not only situation that share in the ebooks. But also they write about the knowledge about something that you need instance. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors these days always try to improve their proficiency in writing, they also doing some investigation before they write for their book. One of them is this Home Advantage: Social Class and Parental Intervention in Elementary Education.

Ryan Young:

This Home Advantage: Social Class and Parental Intervention in Elementary Education is brand new way for you who has fascination to look for some information given it relief your hunger of information. Getting deeper you onto it getting knowledge more you know or else you who still having bit of digest in reading this Home Advantage: Social Class and Parental Intervention in Elementary Education can be the light food to suit your needs because the information inside that book is easy to get by means of anyone. These books create itself in the form that is certainly reachable by anyone, yeah I mean in the e-book application form. People who think that in reserve form make them feel tired even dizzy this reserve is the answer. So you cannot find any in reading a book especially this one. You can find actually looking for. It should be here for you actually. So , don't miss the idea! Just read this e-book style for your better life and also knowledge.
