### H.R.H. By Danielle Steel

In a novel where ancient traditions conflict with reality and the pressures of modern life, a young European princess proves that simplicity, courage, and dignity win the day and forever alter her world.

In blue jeans and a pullover, Princess Christianna is a young woman of her times: born in Europe, educated in America, worried about the future of the world she lives in, responsible beyond her years. Christianna is the only daughter of the Reigning Prince of a European nation that takes its royalty seriously—and her father has ironclad plans for Christianna's life, a burden that is almost unbearable.

Now, after four years at Berkeley, life in her father's palace cannot distract Christianna from what she sees outside the kingdom—the suffering of children, the ravages of terrorism and disease. Determined to make a difference in the world, she persuades His Royal Highness, her father, to let her volunteer for the Red Cross in East Africa. And for Christianna, a journey of discovery, change, and awakening begins.

Under a searing East African sun, Christianna plunges into the dusty, bustling life of an international relief camp, finding a passion and a calling among the brave doctors and volunteers. Finally free from the scrutiny of her royal life, Christianna struggles to keep her identity a secret from her new friends and coworkers—even from Parker Williams, the young doctor from Doctors Without Borders who works alongside Christianna and shares her dedication to healing. But as violence approaches and invades the camp, and the pressures of her royal life beckon her home, Christianna's struggle for freedom takes an extraordinary turn. By a simple twist of fate, in one shocking moment, Christianna's life is changed forever—in ways she never could have foreseen.

From the splendor of a prince's palace to the chaos of war-torn nations, Danielle Steel takes us into fascinating new worlds. Filled with unforgettable images and a remarkable cast of characters, **H.R.H.** is a novel of the conflict between old and new worlds, responsibility versus freedom, and duty versus love.

*From the Hardcover edition.*

### Editorial Review

#### From Publishers Weekly

Poor Christianna, princess of Liechtenstein. Fettered by duty and tradition, her existence is an "achingly boring" slog of ribbon cuttings and state dinners, further straitened by her ever-present retinue of bodyguards and the specter of paparazzi. She longs to do something meaningful with her life; opportunity knocks when she gets a chance to volunteer at a Red Cross AIDS clinic in Africa. Bodyguards in tow, Christianna ministers to the diseased, while colleagues and African peasants alike bask in her royal glow: after all, "she was both grace and gentleness itself." There's even a handsome Doctor Without Borders to fall in love with, but alas! her father forbids her to marry a "commoner." There are further obstacles, and further global adventures. The cast is bland, the incidental shopping perfunctory, the sex tasteful and appropriate. Christianna's cousin Victoria—ditzy and decadent in her jeans and tiara—makes a tantalizing cameo, but Steel (550 million copies sold) spends a great deal of time on the details of Christianna's jet-set activism ("she stayed away from dairy products in Africa"). (Oct. 31)

#### From Booklist

The latest novel by the prolific Steel follows the fortunes of the young, wealthy, and beautiful Princess Christianna, the cosseted daughter of the prince of a small European nation. Returning to the kingdom after four years spent studying in America (followed everywhere by bodyguards), the princess chafes in her gilded cage and rails against the responsibilities and insignificance of her duty-bound royal life. Determined to make a difference in the world, she successfully petitions her father to be allowed to volunteer for the Red Cross and soon finds herself in East Africa working alongside doctors and other volunteers providing relief services to AIDS victims. Inevitably, in Africa she meets and falls in love with a handsome Harvard-educated doctor and is quite happy for the first time in her life, doing hard but meaningful work and spending time with her soul mate. When violence intrudes upon this idyll, Christianna must return home, where her father promptly quashes the relationship with the commoner. As the two lovers pine for each other from opposite ends of the earth, a series of events is unleashed leaving the princess in charge of her own destiny and ultimately reuniting the pair. Steel's fans will be waiting for this one. *Kathleen Hughes*

#### From reader reviews:

##### Eva Dawson:

What do you think of book? It is just for students because they're still students or the idea for all people in the world, what best subject for that? Only you can be answered for that problem above. Every person has

various personality and hobby for every other. Don't to be obligated someone or something that they don't desire do that. You must know how great along with important the book H.R.H.. All type of book would you see on many methods. You can look for the internet solutions or other social media.

**David Shetler:**

Is it anyone who having spare time subsequently spend it whole day through watching television programs or just lying down on the bed? Do you need something new? This H.R.H. can be the response, oh how comes? It's a book you know. You are therefore out of date, spending your free time by reading in this fresh era is common not a nerd activity. So what these guides have than the others?

**Aurora Foster:**

That e-book can make you to feel relax. That book H.R.H. was colorful and of course has pictures around. As we know that book H.R.H. has many kinds or category. Start from kids until teenagers. For example Naruto or Investigator Conan you can read and believe you are the character on there. Therefore , not at all of book are generally make you bored, any it offers you feel happy, fun and chill out. Try to choose the best book for yourself and try to like reading in which.

**Donald Spada:**

Guide is one of source of understanding. We can add our information from it. Not only for students but native or citizen need book to know the up-date information of year to be able to year. As we know those ebooks have many advantages. Beside we add our knowledge, could also bring us to around the world. By book H.R.H. we can get more advantage. Don't you to definitely be creative people? For being creative person must like to read a book. Merely choose the best book that appropriate with your aim. Don't be doubt to change your life with this book H.R.H.. You can more desirable than now.
