Editorial Review

Review

'Hugely entertaining ... as one would expect, they are witty, erudite, well written and to the point.' - *Network*

From the Back Cover

From 1931 to 1935 Bertrand Russell was one of the regular contributors to the literary pages of the New York American, together with other distinguished authors such as Aldous Huxley and Vita Sackville-West. *Mortals and Others* presents a selection of his essays, ranging from the politically correct to the perfectly obscure: from *Is the World Going Mad?* to *Should Socialists Smoke Good Cigars?* Even though written in the politically heated climate of the 1930s, these essays are surprisingly topical and engaging for the present-day reader. *Mortals and Others* serves as a splendid, fresh introduction to the compassionate eclecticism of Bertrand Russell's mind.
