Network Radar Countermeasure Systems: Integrating Radar and Radar Countermeasures By Qiuxi Jiang

This is the very first book to present the network radar countermeasure system. It explains in detail the systematic concept of combining radar and radar countermeasures from the perspective of the information acquisition of target location, the optimization of the reconnaissance and detection, the integrated attack of the signals and facilities, and technological and legal developments concerning the networked system. It achieves the integration of the initiative and passivity, detection and jamming. The book explains how the system locates targets, completes target identification, tracks targets and compiles the data.

Editorial Review

From the Back Cover

This is the very first book to present the network radar countermeasure system. It explains in detail the systematic concept of combining radar and radar countermeasures from the perspective of the information acquisition of target location, the optimization of the reconnaissance and detection, the integrated attack of the signals and facilities, and technological and legal developments concerning the networked system. It achieves the integration of the initiative and passivity, detection and jamming. The book explains how the system locates targets, completes target identification, tracks targets and compiles the data.

About the Author

Pf. Qiuxi Jiang:

As a professor and a doctoral tutor in Electronic Engineering Institute, he has been engaged in teaching and research work for 30 years since the graduation from Xidian University in 1982. He has got numerous awards, including the second prize of State Technological Invention Award and the first prize of Army Scientific and Technological progress. He has got the honorable title of advanced worker for his scientific effort, and enjoyed special government allowance from the State Council. He owns 11 National Invention Patents and 100 technical papers and publications. He is also a member of National 863 Specialist Committee, an assessment expert of national science award, a senior fellow of Chinese Institute of Electronic and a fellow of CSNAME.

Users Review

From reader reviews:

Michele Stein:

Why don't make it to be your habit? Right now, try to prepare your time to do the important act, like looking for your favorite e-book and reading a publication. Beside you can solve your long lasting problem; you can add your knowledge by the guide entitled Network Radar Countermeasure Systems: Integrating Radar and Radar Countermeasures. Try to face the book Network Radar Countermeasure Systems: Integrating Radar and Radar Countermeasures as your friend. It means that it can to be your friend when you feel alone and beside that course make you smarter than previously. Yeah, it is very fortunated to suit your needs. The book makes you more confidence because you can know anything by the book. So , we should make new experience and knowledge with this book.

Irma Patterson:

As people who live in typically the modest era should be update about what going on or information even knowledge to make them keep up with the era which is always change and move forward. Some of you maybe may update themselves by examining books. It is a good choice for yourself but the problems coming to a person is you don't know what one you should start with. This Network Radar Countermeasure Systems: Integrating Radar and Radar Countermeasures is our recommendation so you keep up with the world. Why, because this book serves what you want and need in this era.

Margarita Culbertson:

Playing with family inside a park, coming to see the marine world or hanging out with good friends is thing that usually you could have done when you have spare time, after that why you don't try matter that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Network Radar Countermeasure Systems: Integrating Radar and Radar Countermeasures, you could enjoy both. It is good combination right, you still wish to miss it? What kind of hang-out type is it? Oh occur its mind hangout people. What? Still don't obtain it, oh come on its named reading friends.

Joy Carlson:

Some people said that they feel fed up when they reading a e-book. They are directly felt the idea when they get a half portions of the book. You can choose often the book Network Radar Countermeasure Systems: Integrating Radar and Radar Countermeasures to make your current reading is interesting. Your own personal skill of reading expertise is developing when you like reading. Try to choose easy book to make you enjoy to see it and mingle the feeling about book and reading through especially. It is to be very first opinion for you to like to open up a book and study it. Beside that the guide Network Radar Countermeasure Systems: Integrating Radar and Radar Countermeasures can to be your new friend when you're truly feel alone and confuse using what must you're doing of their time.
