Editorial Review

From the Back Cover

Develop powerful web-based and client/server applications in record time.

Maximize the power of Oracle Developer to create sophisticated, flexible, and user-friendly database applications.

This unique guide contains an invaluable resource--a discussion of actual Forms and Reports standards used by the authors to create production systems. Included are standards for the use of SQL and PL/SQL in the development tools, naming conventions, and GUI design. In addition, there is extensive coverage of advanced techniques you can use to save time when developing and maintaining your forms and reports. Examples are based on the authors' award-winning Forms template used in many real-world projects.

Inside, learn to:

- Take advantage of Oracle Developer's object-oriented features
- Build simple applications in less than an hour and more complex ones in a day or two
- Create and deploy standards for best practices, code sharing, and object reuse
- Use Forms and Reports templates systems to create custom applications with a consistent look and feel
- Master the GUI design features of Forms and Reports

About the Author
Peter Koletze is a consulting manager who specializes in Designer and Developer work for Millennia Vision Corporation. He is also a Principal Instructor for the company and a member of the Board of Directors of the International Oracle Users Group - Americas. Peter is a frequent contributor to national and international Oracle newsletters and user group conferences; his paper on Developer and Designer help systems won the ODTUG 1999 Editor's Choice Award. http://ourworld.compuserve.com/homepages/Peter_Koletzke. Millennia Vision Corporation (MVC) is a new breed of business consulting firm, dedicated to improving its clients' business performance and position in the expanding e-business econom. MVC's unique, integrated approach enables companies to align their people, processes, and technologies in support of their business strategy. Global leaders in a wide variety of industries rely on MVC's proven methodologies, knowledge of products, professional expertise, and technical depth to extend their existing business models and seize new opportunities. MVC is based in Redwood Shores, California. http//www.mvsn.com. Dr. Paul Dorsey is the founder and President of Dulcian, Inc. Dulcian specializes in Oracle Client-Server and Web custom application development and data migration. Paul is co-author with Peter Koletzke of The Oracle Designer Handbook (now in its second edition) and with Joseph R. Hudicka of Oracle8 Design Using UML Object Modeling, both from Oracle Press, 1999. Paul is an Associate Editor of SELECT Magazine. He is the President of the New York Oracle Users' Group. Paul and Peter shared the Pinnacle Publishing Technical Achievement Award at ECO '95 for their work on a Forms template that became the basis for this book. Paul has won best presentation awards at both ECO and IOUW conferences. Dulcian, Inc. offers a wide variety of consulting services, customized training, and products for the Oracle development environment. Dulcian provides products and services to large government and private sector companies worldwide. Services include developing new projects, auditing existing efforts, and rescuing failed projects. Dulcian's vision is to deliver top-quality systems in record time. To this end, Dulcian has automated or streamlined every possible

portion of the development life cycle to create a flexible strategy that is adapted for each project.

Users Review

From reader reviews:

Kathleen King:

What do you about book? It is not important along? Or just adding material when you really need something to explain what yours problem? How about your free time? Or are you busy particular person? If you don't have spare time to try and do others business, it is give you a sense of feeling bored faster. And you have extra time? What did you do? All people has many questions above. The doctor has to answer that question simply because just their can do that will. It said that about e-book. Book is familiar on every person. Yes, it is correct. Because start from on guardería until university need this specific Oracle Developer Advanced Forms and Reports to read.

Thomas Lemos:

Here thing why that Oracle Developer Advanced Forms and Reports are different and reliable to be yours. First of all looking at a book is good but it really depends in the content of computer which is the content is as yummy as food or not. Oracle Developer Advanced Forms and Reports giving you information deeper and different ways, you can find any book out there but there is no e-book that similar with Oracle Developer Advanced Forms and Reports. It gives you thrill reading journey, its open up your own personal eyes about the thing this happened in the world which is might be can be happened around you. You can bring everywhere like in area, café, or even in your approach home by train. Should you be having difficulties in bringing the paper book maybe the form of Oracle Developer Advanced Forms and Reports in e-book can be your alternative.

Robert Knight:

Playing with family in a park, coming to see the marine world or hanging out with buddies is thing that usually you could have done when you have spare time, after that why you don't try issue that really opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Oracle Developer Advanced Forms and Reports, you can enjoy both. It is very good combination right, you still would like to miss it? What kind of hang type is it? Oh can occur its mind hangout fellas. What? Still don't have it, oh come on its named reading friends.

Ann Amos:

Do you have something that you want such as book? The e-book lovers usually prefer to opt for book like comic, small story and the biggest some may be novel. Now, why not attempting Oracle Developer Advanced Forms and Reports that give your satisfaction preference will be satisfied through reading this book. Reading practice all over the world can be said as the way for people to know world better then how they react toward the world. It can't be stated constantly that reading practice only for the geeky man or

woman but for all of you who wants to become success person. So , for all you who want to start examining as your good habit, you could pick Oracle Developer Advanced Forms and Reports become your own personal starter.
