In this fourth book chronicling Almine's journey, she tells of the promise and potential inherent in the resurgence of the feminine principle, increasingly felt in all aspects of current human experience. The operation of new laws governing the cosmos are explained together with the reasons for their creation. We are introduced to 'Mother', the primal creative energy that pervades every aspect of existence. We learn of her love and her laws and how to incorporate them into our every thought and act. We are given samples of her divine language, its meaning and its power. Mother's great gift to humanity, the healing power of Belvaspata, is revealed. This new approach to dissolving disease of mind, spirit and body replaces previously existing methodologies. Application of its techniques removes old barriers of a physically-oriented existence and opens a broad pathway to a life of joy and fulfillment.
