### Whisper By Chrissie Keighery

**A beautifully written coming-of-age tale about a 15-year-old girl whose life is altered by sudden deafness**

I'm always trying to figure out what's really going on. Always having to fill in the gaps, but never getting all the details. It's like trying to do a jigsaw when I don't even know what the picture is, and I'm missing one of the vital middle pieces.

How do you know if your friends are talking about you being your back, or if a boy likes you? They could act all innocent, but you'd know from the rumors. You'd hear the whispers. But what if you couldn't hear those whispers anymore? Being a teenager is hard enough. But what about being a deaf teenager? Demi is 15 years old when her world is shattered by illness. Waking up in hospital, she can see people are talking and moving around her, but she can hear nothing. As the days and weeks pass, it becomes clear that Demi is locked in a silent world and this is a world she must now learn to navigate. This unique, touching story explores the universal theme of finding your place, against a fascinating backdrop.

### Editorial Review

From School Library Journal

Gr 7 Up—Demi, 16, lost her hearing due to meningitis when she was 14 years old. Once a hearing person, she finds it particularly difficult to deal with her deafness. Her mother wants to control her, her father is a silent bystander, and her perfect sister has her own issues. And who are her true friends: The ones from her hearing days or the ones she is attempting to make at her new school for the deaf? This Australian import brings to light a fresh and important issue in teen literature. Demi is like any other teenager, concerned about clothes, boys, and grades. She has hopes of becoming a lawyer. But she feels that her hearing friends and the hearing community at large are not making it easy. The protagonist befriends a deaf girl who is out to make herself a change agent for the deaf, regardless of whom she runs over in the meantime, and who frowns upon Demi's hearing friends and new boyfriend. Thoughtfully depicting the ways in which "hearies" treat the deaf, Keighery makes great strides in portraying well-rounded characters. Filled with subtle reminders of how the hearing world often considers and treats the deaf community, this novel may serve as a gentle wake up call to teens that not everyone with a disability is so very different. Particularly poignant is how Demi's young nephews treat her, as if her deafness is just one more distinguishing part of who she is. This book also contains some Aussie words and expressions, which add to its charm. VERDICT Highly recommended for teens who like to explore social issues and for fans of realistic fiction.—Carol Connor, Cincinnati Public Schools, OH

About the Author

**Chrissie Keighery** is the author of *Flower Girl*, *The Secret Club*, and *Surf's Up!* under the pseudonym Chrissy Perry.

### Users Review

**From reader reviews:**

**Nancy Figaro:**

Information is provisions for anyone to get better life, information nowadays can get by anyone in everywhere. The information can be a information or any news even an issue. What people must be consider if those information which is from the former life are difficult to be find than now could be taking seriously which one works to believe or which one often the resource are convinced. If you find the unstable resource then you have it as your main information you will have huge disadvantage for you. All those possibilities will not happen inside you if you take Whisper as the daily resource information.

**Lily McDermott:**

The book Whisper will bring you to the new experience of reading some sort of book. The author style to spell out the idea is very unique. If you try to find new book to learn, this book very suited to you. The book Whisper is much recommended to you to study. You can also get the e-book from your official web site, so you can quickly to read the book.

**Henry Baker:**

Are you kind of busy person, only have 10 or maybe 15 minute in your moment to upgrading your mind ability or thinking skill also analytical thinking? Then you are having problem with the book when compared with can satisfy your short time to read it because this time you only find publication that need more time to be examine. Whisper can be your answer as it can be read by anyone who have those short spare time problems.

**Walton Han:**

Beside that Whisper in your phone, it can give you a way to get closer to the new knowledge or information. The information and the knowledge you might got here is fresh from oven so don't be worry if you feel like an aged people live in narrow community. It is good thing to have Whisper because this book offers to you personally readable information. Do you occasionally have book but you would not get what it's facts concerning. Oh come on, that will not end up to happen if you have this inside your hand. The Enjoyable arrangement here cannot be questionable, similar to treasuring beautiful island. Use you still want to miss the item? Find this book along with read it from now!
