**Amsterdam: A History of the World's Most Liberal City** By Russell Shorto

**An endlessly entertaining portrait of the city of Amsterdam and the ideas that make it unique, by the author of the acclaimed *Island at the Center of the World***

Tourists know Amsterdam as a picturesque city of low-slung brick houses lining tidy canals; student travelers know it for its legal brothels and hash bars; art lovers know it for Rembrandt's glorious portraits.

But the deeper history of Amsterdam, what makes it one of the most fascinating places on earth, is bound up in its unique geography-the constant battle of its citizens to keep the sea at bay and the democratic philosophy that this enduring struggle fostered. Amsterdam is the font of liberalism, in both its senses. Tolerance for free thinking and free love make it a place where, in the words of one of its mayors, "craziness is a value." But the city also fostered the deeper meaning of liberalism, one that profoundly influenced America: political and economic freedom. Amsterdam was home not only to religious dissidents and radical thinkers but to the world's first great global corporation.

In this effortlessly erudite account, Russell Shorto traces the idiosyncratic evolution of Amsterdam, showing how such disparate elements as herring anatomy, naked Anabaptists parading through the streets, and an intimate gathering in a sixteenth-century wine-tasting room had a profound effect on Dutch-and world-history. Weaving in his own experiences of his adopted home, Shorto provides an ever-surprising, intellectually engaging story of Amsterdam.

### Editorial Review

From Publishers Weekly

Starred Review. Shorto conjures the anything-goes spirit of contemporary Amsterdam, with its pot-smoking and red-light districts, from the city's fascinating past as a major port city. Amsterdam, to Shorto, was not only the first city in Europe to develop the cultural and political foundations of what we now call liberalism—a society focused on the concerns and comforts of individuals,... run by individuals acting together, and tolerant of religion, ethnicity, or other differences—but also an exporter of these beliefs to the rest of Europe and the New World. Shorto composes biographical sketches of these originators (Rembrandt, Spinoza) and exporters (John Locke, the Dutch East India Company) as he guides readers on a narrative tour of Amsterdam's intellectual history, its rise from a sleepy site of religious pilgrimage to the center of a trading empire into the present. Shorto's examination of Dutch tolerance also focuses on its failures, including an examination of collaboration with Nazi occupiers during WWII, and its current struggle to integrate its immigrant underclass into a more egalitarian multicultural life. Shorto's brilliant follow-up to his previous book on Dutch Manhattan (*The Island at the Center of the World*) is an expertly told history of a city of new, shocking freedoms and the tough-minded people that developed them. Agent: Anne Edelstein, Anne Edelstein Literary Agency LLC. (Nov.)

Review

“This finely spun and illuminating history of Amsterdam explores both a city and an idea. . . . A pleasure to savor on many levels.”

—*The Seattle Times*

“Rich and eventful. . . . [A] book that easily fuses large cultural trends with intimately personal stories.”

—*The New York Times*

“An absorbing history of a fascinating place.”

—*Pittsburgh Post-Gazette*

“[A] masterpiece.”

—*The Daily Beast*

“Engaging new history. . . . It brims with the sights, smells and sounds of a nearly thousand-year-old bustling, mercantile city. . . . Countless books have been written about Holland's capital city. . . . [Shorto's] contribution stands as a sparkling addition to the lot.”

—Associated Press

“Shorto's brilliant follow-up to his previous book on Dutch Manhattan (*The Island at the Center of the World*) is an expertly told history of a city of new, shocking freedoms and the tough-minded people that developed them.”

—*Publishers Weekly*, starred review

“Insightful history. . . . Mr. Shorto masterfully describes how Amsterdam was built in only a few generations by reclaiming water from the sea, literally by hand in the 1600s. And he brings to life how the city attracted—with promises of freedom and tolerance—the most energetic people from all over Europe to create a free civic and economic society that became a model for the American Republic a century later.”

—Jeff Bewkes, CEO of Time Warner, *The Wall Street Journal*, Favorite Books of 2013

“Entertaining history.”

—*The New Yorker*

“Delightfully eccentric history. . . . Eye-opening and entertaining, it’s popular history of the best sort.”

—Michael Giltz, Favorite Books of the Year, *Huffington Post*

“Sometimes it’s clear from the off that a book is special, and that indefinable sense took hold quickly here. . . . An enthralling tale of radicalism and tolerance of strange and otherwise anathema beliefs and ideas.”

—Alex Crowley, Best Books of the Year, *Publishers Weekly*

“Masterful reporting, vivid history—the past and present are equally alive in this book.”

—James Gleick, author of *The Information: A History, A Theory, A Flood*

“Shorto is an excellent storyteller and rootler of strange facts, and *Amsterdam* should be issued as standard kit for anyone visiting the city.”

—*The Guardian* (UK)

“Russell Shorto writes engagingly about how a city can engender ideas—order, tolerance, comfort, egalitarianism, entrepreneurship—and in turn be shaped by them. *Amsterdam* argues convincingly that Western liberalism has been greatly influenced by this small, modest, crazy-yet-conventional place.”

—Witold Rybczynski, author of *How Architecture Works: A Humanist’s Toolkit*

“An often brilliant, and always enjoyable, investigation of liberalism’s Dutch roots. Shorto is once again revealed as a passionate and persuasive historian of culture and ideas.”

—Joseph O’Neill, author of *Netherland*

“Russell Shorto loves Amsterdam, I love this book.”

—Job Cohen, former mayor of Amsterdam

“Luminous. . . . An entertaining history full of deftly drawn characters and intoxicating ideas which have made Amsterdam the birthplace of liberalism in its many and shifting incarnations.”

—Katrina vanden Heuvel, Editor & Publisher, *The Nation*

“[A] smart, elegant book. . . . A wonderfully readable account of the city that Shorto has come to call home.”

—Charles C. Mann, author of *1491* and *1493*

“Vigorous, erudite and eminently readable.”

—*Kirkus Reviews*

#### Users Review

##### From reader reviews:

**Kimberly Kiser:**

What do you in relation to book? It is not important to you? Or just adding material when you need something to explain what the one you have problem? How about your extra time? Or are you busy individual? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have extra time? What did you do? Everyone has many questions above. They have to answer that question due to the fact just their can do in which. It said that about guide. Book is familiar on every person. Yes, it is appropriate. Because start from on jardín de infancia until university need that Amsterdam: A History of the World's Most Liberal City to read.

**James Atkinson:**

Reading a e-book can be one of a lot of exercise that everyone in the world loves. Do you like reading book so. There are a lot of reasons why people love it. First reading a guide will give you a lot of new info. When you read a guide you will get new information simply because book is one of several ways to share the information or perhaps their idea. Second, studying a book will make a person more imaginative. When you examining a book especially fictional works book the author will bring one to imagine the story how the personas do it anything. Third, you can share your knowledge to other individuals. When you read this Amsterdam: A History of the World's Most Liberal City, you are able to tells your family, friends as well as soon about yours guide. Your knowledge can inspire the mediocre, make them reading a publication.

**Dorothy Stanek:**

Reading a publication tends to be new life style in this particular era globalization. With examining you can get a lot of information which will give you benefit in your life. Together with book everyone in this world can share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their own reader with their story or their experience. Not only the story that share in the guides. But also they write about the ability about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors these days always try to improve their skill in writing, they also doing some analysis before they write to the book. One of them is this Amsterdam: A History of the World's Most Liberal City.

**Viola Ball:**

Do you one of the book lovers? If yes, do you ever feeling doubt when you are in the book store? Try to pick one book that you never know the inside because don't determine book by its cover may doesn't work here is difficult job because you are frightened that the inside maybe not because fantastic as in the outside search likes. Maybe you answer is usually Amsterdam: A History of the World's Most Liberal City why because the fantastic cover that make you consider with regards to the content will not disappoint you actually. The inside or content is actually fantastic as the outside or cover. Your reading 6th sense will directly assist you to pick up this book.
