Handbook of Material and Capacity Requirements Planning By Howard Oden, Gary Langenwalter, Raymond Lucier

This step-by-step handbook is aimed at providing production and inventory managers the tools they need to choose and implement an optimal materials and capacity requirements planning (MCRP) system that helps reduce costs, increase sales, and improve their firm's competitive position. At the same time, it should prepare readers for the materials and capacity requirements certification exam given by the American Production and Inventory Control Society (APICS).
