**PCI Compliance, Third Edition: Understand and Implement Effective PCI Data Security Standard Compliance** By Branden R. Williams, Anton Chuvakin

The credit card industry established the PCI Data Security Standards to provide a minimum standard for how vendors should protect data to ensure it is not stolen by fraudsters. *PCI Compliance, 3e*, provides the information readers need to understand the current PCI Data Security standards, which have recently been updated to version 2.0, and how to effectively implement security within your company to be compliant with the credit card industry guidelines and protect sensitive and personally identifiable information. Security breaches continue to occur on a regular basis, affecting millions of customers and costing companies millions of dollars in fines and reparations. That doesn't include the effects such security breaches have on the reputation of the companies that suffer attacks. *PCI Compliance, 3e*, helps readers avoid costly breaches and inefficient compliance initiatives to keep their infrastructure secure.

- Provides a clear explanation of PCI
- Provides practical case studies, fraud studies, and analysis of PCI
- The first book to address version 2.0 updates to the PCI DSS, security strategy to keep your infrastructure PCI compliant

## **Editorial Review**

### **Review**

"Williams and Chuvakin provide background on Version 2.0 of the Payment Card Industry Data Security Standard (PCI DSS), the minimum standard with which vendors must comply to ensure data security. They also provide instruction on how to implement security that is in compliance with industry guidelines and successfully ensures the safety of sensitive and personally identifiable information." --**Reference and Research Book News, August 2013**

### **About the Author**

Branden R. Williams (CISSP, CISM, CPISA, CPISM) leads an information security practice in a Global Security Consulting group at a major security firm in Flower Mound, TX and teaches in the NSA Certified Information Assurance program at the University of Dallas's Graduate School of Management. Branden has been involved in information technology since 1994, and focused on information security since 1996. He started consulting on payment security in 2004, assessing companies against the Visa CISP and Mastercard SDP programs. He has a Bachelors of Business Administration in Marketing from the University of Texas, Arlington, and a Masters of Business Administration in Supply Chain Management and Market Logistics from the University of Dallas.

Branden publishes a monthly column in the ISSA Journal entitled "Herding Cats," and authors a blog at <http://www.brandenwilliams.com/>.

Dr. Anton Chuvakin is a recognized security expert in the field of log management and PCI DSS compliance. He is an author of the books "Security Warrior" and "PCI Compliance" and has contributed to many others, while also publishing dozens of papers on log management, correlation, data analysis, PCI DSS, and security management. His blog (<http://www.securitywarrior.org>) is one of the most popular in the industry.

Additionally, Anton teaches classes and presents at many security conferences across the world and he works on emerging security standards and serves on the advisory boards of several security start-ups. Currently, Anton is developing his security consulting practice, focusing on logging and PCI DSS compliance for security vendors and Fortune 500 organizations. Anton earned his Ph.D. from Stony Brook University.
