Web Style Guide, 4th Edition: Foundations of User Experience Design By Patrick J. Lynch, Sarah Horton

A classic reference book on user interface design and graphic design for web sites, updated to reflect a rapidly changing market

Consistently praised as the best volume on classic elements of web site design, *Web Style Guide* has sold many thousands of copies and has been published around the world. This new revised edition confirms *Web Style Guide* as the go-to authority in a rapidly changing market. As web designers move from building sites from scratch to using content management and aggregation tools, the book's focus shifts away from code samples and toward best practices, especially those involving mobile experience, social media, and accessibility. An ideal reference for web site designers in corporations, government, nonprofit organizations, and academic institutions, the book explains established design principles and covers all aspects of web design—from planning to production to maintenance. The guide also shows how these principles apply in web design projects whose primary concerns are information design, interface design, and efficient search and navigation.

Editorial Review

Review

“An excellent primer for anyone working on the web. Horton and Lynch combine tried-and-true techniques with realistic examples to bring us a thorough, practical guide to today’s complex web projects.”—Sara Wachter-Boettcher, author of *Design for Real Life* and *Content Everywhere*
(Sara Wachter-Boettcher)

“The *Web Style Guide* is an invaluable overview of the myriad moving parts of a web project and does an excellent job demonstrating how they fit together; it’s a must-read for anyone involved in building for the Web.”—Aaron Gustafson, author of *Adaptive Web Design*
(Aaron Gustafson)

“With this new edition, the authors update the book to include important changes in the field of web building. This book will appeal to the professional web builder, the instructor, the scholar, and, of course, the student.”—Greg O’Toole, author of *Sustainable Web Ecosystem Design*
(Greg O’Toole)

“This isn’t a book you’re reading. It’s a map. . . . *Web Style Guide* will provide you with path through your next project, and introduce you to ideas, concepts, and landmarks you’ll want to revisit.”—From the Foreword by Ethan Marcotte
(Ethan Marcotte)

“A practical handbook on managing complexity and depth in modern web design. With an emphasis on plastic, responsive content, it’s a great foundation to creating adventurous and usable digital experiences.”—Senongo Akpem, Constructive
(Senongo Akpem)

“Very sound scholarship. Getting all this information in one place is significant.”—Phillip Simon, Quinnipiac University
(Phillip Simon)

“An outstanding resource for understanding how to design usable and effective websites.”—Michael C. Zalot, DeVry University
(Michael C. Zalot)

Users Review

From reader reviews:

Lillian Owensby:

What do you about book? It is not important along? Or just adding material if you want something to explain what you problem? How about your extra time? Or are you busy individual? If you don't have spare time to complete others business, it is make you feel bored faster. And you have time? What did you do? Every person has many questions above. They should answer that question due to the fact just their can do this. It said that about guide. Book is familiar in each person. Yes, it is proper. Because start from on jardín de infancia until university need this Web Style Guide, 4th Edition: Foundations of User Experience Design to read.

Alice Bowers:

A lot of people always spent their very own free time to vacation or even go to the outside with them family members or their friend. Are you aware? Many a lot of people spent these people free time just watching TV, or playing video games all day long. In order to try to find a new activity here is look different you can read some sort of book. It is really fun in your case. If you enjoy the book that you simply read you can spent all day every day to reading a guide. The book Web Style Guide, 4th Edition: Foundations of User Experience Design it doesn't matter what good to read. There are a lot of folks that recommended this book. They were enjoying reading this book. When you did not have enough space to develop this book you can buy the actual e-book. You can m0ore quickly to read this book from the smart phone. The price is not to cover but this book features high quality.

Timothy Montgomery:

Reading a book being new life style in this year; every people loves to study a book. When you learn a book you can get a large amount of benefit. When you read textbooks, you can improve your knowledge, simply because book has a lot of information on it. The information that you will get depend on what forms of book that you have read. If you need to get information about your review, you can read education books, but if you act like you want to entertain yourself look for a fiction books, this sort of us novel, comics, and soon. The Web Style Guide, 4th Edition: Foundations of User Experience Design will give you a new experience in reading a book.

David Conover:

Many people spending their moment by playing outside using friends, fun activity using family or just watching TV all day every day. You can have new activity to shell out your whole day by looking at a book. Ugh, do you consider reading a book can really hard because you have to bring the book everywhere? It all right you can have the e-book, taking everywhere you want in your Cell phone. Like Web Style Guide, 4th Edition: Foundations of User Experience Design which is getting the e-book version. So , why not try out this book? Let's observe.
