Editorial Review

From the Back Cover

Just the Facts: Earth and Space Science combines the background knowledge students need for science success with the skills they need to become young scientists. With a solid foundation of basic science knowledge and a basic understanding of concepts and vocabulary, students will be prepared for higher-order thinking and inquiry-based activities. This resource is filled with vocabulary puzzles, diagram labeling, creative writing, and inquiry investigations that will help students prepare for standardized tests.

Just the Facts: Earth and Space Science covers the following topics:

- Rocks and Minerals
- Weathering
- Fossils
- Plate Tectonics
- Earthquakes
- Volcanoes
- Freshwater and Oceans
- Weather and Climate
- The Atmosphere
- Humans and the Environment
- Sun-Earth-Moon Relationships
- Solar System

About the Author

Jennifer Linrud Sinsel teaches middle school science at Wichita Collegiate Middle School in Wichita, Kansas. She received a bachelor of science degree in earth science education and a master's of science degree in space studies from the University of North Dakota. She is working on her second master's degree in gifted education. She is involved with NASA's Network of Educator Astronaut Teachers (NEAT) and was a 2004 finalist for the NASA Educator Astronaut Program. She is also the project coordinator for a science inquiry grant through Wichita State University, which helps improve content knowledge and provides inquiry-based lesson plans to new teachers. In her spare time, she skydives, reads science fiction, and spends time with her adventurous husband and their two daughters

Users Review

From reader reviews:

Gary Lopez:

Often the book Just the Facts: Earth and Space Science, Grades 4 - 6: Fun activities, puzzles, and investigations! will bring one to the new experience of reading the book. The author style to explain the idea is very unique. If you try to find new book you just read, this book very acceptable to you. The book Just the Facts: Earth and Space Science, Grades 4 - 6: Fun activities, puzzles, and investigations! is much recommended to you to study. You can also get the e-book in the official web site, so you can quicker to read the book.

Christine Mata:

Is it you who having spare time and then spend it whole day simply by watching television programs or just laying on the bed? Do you need something totally new? This Just the Facts: Earth and Space Science, Grades 4 - 6: Fun activities, puzzles, and investigations! can be the response, oh how comes? The new book you know. You are thus out of date, spending your spare time by reading in this new era is common not a geek activity. So what these guides have than the others?

Miranda Wenger:
