Editorial Review

Review

"Overall, this reviewer found this to be a fascinating book and recommends it highly to a wide audience."--*Choice*
(*Choice*)

"An enticing sequel to the 1985 book. . . . The undeniable strength of *Preschool in Three Cultures Revisited* is its complex, cross-cultural examination that avoids binary distinctions. By situating the United States between China and Japan across the spectrum of societal continuity and change, these authors further disrupt the dominant notions of an East-West dichotomy."
(*Harvard Educational Review*)

"Thorough restudies such as this are often praised as a theoretical ideal, but this is one of the rare cases in which such an ideal has been realized. Tobin, Hsueh, and Karasawa deserve plaudits for once again breaking unusual ground. Like its predecessor, *Preschool in Three Cultures Revisited* is beautifully written in a pellucid style. . . . The book is extremely clear and accessible, without oversimplifying or stereotyping."
(*Journal of Japanese Studies*)

"Are our schools in tune with children's actual lives? The Tobin volume and video, as mirrors held up to American society, should open our eyes to such questions."
(*Pacific Affairs*)

"While the impact of the original study was far-reaching in the fields of early childhood education and educational anthropology, Tobin and his new team of scholars have managed to restructure their approach to increase the level of insight into the social and cultural forces driving change and continuity in preschool education in all three countries."
(*International Journal of Multicultural Education*)

"This is a book I strongly recommend. It is a rich text presenting a cross cultural, cross national, and cross time account of preschool education."
(*Education Review*)

About the Author

Users Review

From reader reviews:

Meagan Shaffer:

Reading a book can be one of a lot of activity that everyone in the world adores. Do you like reading book thus. There are a lot of reasons why people fantastic. First reading a reserve will give you a lot of new information. When you read a book you will get new information mainly because book is one of a number of ways to share the information or maybe their idea. Second, reading through a book will make you more imaginative. When you examining a book especially fiction book the author will bring that you imagine the story how the figures do it anything. Third, you may share your knowledge to some others. When you read this *Preschool in Three Cultures Revisited: China, Japan, and the United States*, you can tells your family, friends and also soon about yours book. Your knowledge can inspire different ones, make them reading a e-book.

Patricia McGuire:

People live in this new day time of lifestyle always attempt to and must have the spare time or they will get large amount of stress from both lifestyle and work. So , when we ask do people have spare time, we will say absolutely of course. People is human not a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to you actually of course your answer will certainly unlimited right. Then do you ever try this one, reading books. It can be your alternative in spending your spare time, often the book you have read is actually *Preschool in Three Cultures Revisited: China, Japan, and the United States*.

Gayle Meek:

Playing with family in a very park, coming to see the ocean world or hanging out with friends is thing that usually you have done when you have spare time, after that why you don't try matter that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love *Preschool in Three Cultures Revisited: China, Japan, and the United States*, you could enjoy both. It is great combination right, you still wish to miss it? What kind of hang type is it? Oh seriously its mind hangout fellas. What? Still don't understand it, oh come on its referred to as reading friends.

Virginia Higgins:

What is your hobby? Have you heard this question when you got college students? We believe that that concern was given by teacher to their students. Many kinds of hobby, Everybody has different hobby. And you also know that little person such as reading or as looking at become their hobby. You must know that reading is very important along with book as to be the issue. Book is important thing to provide you knowledge, except your own teacher or lecturer. You see good news or update with regards to something by book. Numerous books that can you take to be your object. One of them is *Preschool in Three Cultures Revisited: China, Japan, and the United States*.
