Python 2.6 Text Processing: Beginners Guide

By Jeff McNeil

Python 2.6 Text Processing: Beginners Guide By Jeff McNeil

This book is part of the Beginner's Guide series. Each chapter covers the steps for various tasks to process data followed by brief explanation of what is happening in each task. The explanation is followed by a few questions on the topic under discussion that will serve as a refresher course for you. This book is for people who have text in one format, and need it in another, as quickly as possible. You don't need any experience with text processing, but you will need some basic knowledge of Python.
