Citadel: A Novel By Kate Mosse

France, 1942. While war blazes at the front lines of Europe, in the walled southern city of Carcassonne, nestled deep in the Pyrenees, a group of courageous women is engaged in an equally lethal battle. Like their ancestors who fought northern invaders seven hundred years before, these members of the French Resistance—code-named Citadel—fight to liberate their home from the Nazis.

Led by a daring eighteen-year-old, Sandrine Vidal, and her elder sister, Marianne, the women of Citadel work quickly to sabotage their German occupiers, safeguard their neighbors, and smuggle refugees over the mountains into neutral territory. But that is only part of their mission. Their struggle will reveal an older, darker combat being fought in the shadows, one meant to protect an ancient secret that in the wrong hands could change the course of history.

As the women of Citadel dare the impossible to save their homeland . . . the astonishing secrets buried in time are at long last revealed.

Editorial Review

From [Booklist](#)

The third installment of Mosse's popular Languedoc trilogy takes place in WWII-era Carcassonne, in the south of France. The action revolves around a group of women who make it their mission to obstruct the Nazi occupiers and smuggle refugees across the Pyrenees into Spain. This band of female Resistance fighters also has a deeper, time-honored duty to protect a potentially explosive codex secreted by a determined monk during the late fourth century. As the stories of the women and monk run parallel, a narrative intersection is inevitable, and Mosse's trademark supernatural twist unfolds—as expected—in due course. Strong female protagonists, a fascinating historical backdrop, a bittersweet romance, and the integration of mystical elements guarantee a large crossover audience for this thrilling genre-bender. --Margaret Flanagan
