## PMP in Depth: Project Management Professional Study Guide for PMP and CAPM Exams By Paul Sanghera

With the worldwide surge in the demand for project management skills, the PMP and CAPM are among the hottest certifications today. To pass the PMP or CAPM exam, you need a no-gimmicks, no-nonsense book on the exam objectives. PMP In Depth is that book! Best-selling author Paul Sanghera offers concise yet comprehensive coverage of each topic included in the PMP and CAPM exams. With a laser sharp focus on the exam objectives, this study guide goes beyond being a simple exam cram. It includes hundreds of questions and detailed answers modeled after the actual exam and contains a complete practice exam with fully explained answers. It is 100% compatible with the latest (3rd) edition of the Project Management Body of Knowledge (PMBOK) by PMI. Appropriate for beginners, PMP In Depth assumes no prior knowledge of project management and presents material in a logical learning sequence: each section builds upon previous sections and each chapter upon previous chapters. All concepts-- simple and complex--are well-defined and clearly explained the first time they appear. There is no hopping from topic to topic and no technical jargon without explanation. PMP In Depth is written to the most current versions of the PMP and CAPM exams and also serves as a great reference tool for project managers after the exam. Maximize your learning and minimize your study time!

#### **About the Author**

Dr. Paul Sanghera is an educator, technologist, and an entrepreneur living in Silicon Valley, California. With a master's degree in computer science from Cornell University and a Ph.D. in physics from Carleton University, he has authored and co-authored more than 100 technical papers published in well-reputed European and American research journals. He has more than 10 years of project management experience in the computer industry and at research labs at CERN and Cornell. Having worked in various roles including director of project management at companies such as MP3.com and Dream Logic, director of software development, and software developer, he has a broader view of project management. He has earned several industry certifications including CompTIA Project+, Project Management Professional, Network+, Linux+, Sun Certified Java Programmer, and Sun Certified Business Component Developer. Dr. Sanghera has contributed to building the world class technologies such as Netscape Communicator, and Novell's NDS. He has taught technology courses at various institutes including San Jose State University and Brooks College. As an engineering manager, he has been at the ground floor of several startups.
