**The Black Arts: A Concise History of Witchcraft, Demonology, Astrology, and Other Mystical Practices Throughout the Ages (Perigee)** By Richard Cavendish

This book describes in detail the practice, theory, and underlying rationale of black magic in all its branches -- the summoning and control of evil spirits, necromancy, psychic attack, Devil worship, witchcraft, the Black Mass, evil charms, and spells -- as well as other branches of occult theory: numerology, astrology, alchemy, the Cabala, and the tarot. Ancient black magicians of the past 150 years and the theories of cabalists, astrologers, and numerologists of the present day are all fully covered in this fascinating book.

"We are all black magicians in our dreams, in our fantasies, perversions, and phobias... In *The Black Arts*, Richard Cavendish has not only gathered many fascinating facts from the past and from our own time; he has also presented the philosophy of the black magicians and gives many excellent interpretations of their symbols and rites. He has done all this in such a concise and readable style that the reader is hardly aware of how much effort has gone into this work and how original are many of its ideas and interpretations...Works such as Cavendish's are a reminder that we are living in an era of amnesia. We have forgotten those vital truths that man once knew and by whose strength he lived." -- Isaac Bashevis Singer, *Book Week*
