The God I Don't Understand: Reflections on Tough Questions of Faith By Christopher J. H. Wright

If we are honest, we have to admit that there are many things we don't understand about God. We do not have final answers to the deep problems of life, and those who say they do are probably living in some degree of delusion. There are areas of mystery in our Christian faith that lie beyond the keenest scholarship or even the most profound spiritual exercises. For many people, these problems raise so many questions and uncertainties that faith itself becomes a struggle, and the very person and character of God are called into question. Chris Wright encourages us to face up to the limitations of our understanding and to acknowledge the pain and grief they can often cause. But at the same time, he wants us to be able to say, like the psalmist in Psalm 73: "But that's all right. God is ultimately in charge and I can trust him to put things right. Meanwhile, I will stay near to my God, make him my refuge, and go on telling of his deeds."

Editorial Review

Review

'Christopher J. H. Wright boldly explores the four most difficult subjects Christians will generally face: the problem of evil, the genocide of Joshua, how modern culture can make sense of the cross, and prophecies about the end of the world. In each case, Wright uses his long experience as a theologian/teacher to skillfully and winsomely bring us through the dead-end solutions we often hear and lead us in fruitful and promising directions. This is not a book filled with the usual piety or apologetic drivel so often found in such treatments: it is a tough-minded and courageous wrestling match with profound issues of faith reminiscent of John Stott. Few of us would take on such a task. Wright has not only done it well--- but supremely well.' -- Gary M. Burge, Professor, of New Testament, Wheaton College
