Editorial Review

Review

"The didactic value of this book cannot be overemphasized. Likewise, one cannot but admire the excellent micro- and macro-photographs which greatly contribute to the author's educational goals. This is a nice and readable book that could serve as a very good introduction to cardiac pathology for novices. More senior pathologists could read it in a few sessions instead of taking a refresher course in cardiac pathology." -- Doody's

About the Author

Mary N Sheppard MD FRCPath is Consultant Cardiac Pathologist, Royal Brompton and Harefield NHS Foundation Trust Hospital, Director CRY Centre for Cardiac Pathology, Imperial College, London

Users Review

From reader reviews:

Michael Harmon:

The book Practical Cardiovascular Pathology, 2nd edition will bring one to the new experience of reading the book. The author style to describe the idea is very unique.
