**The Origins of the World's Mythologies** By E.J. Michael Witzel

This remarkable book is the most ambitious work on mythology since that of the renowned Mircea Eliade, who all but single-handedly invented the modern study of myth and religion. Focusing on the oldest available texts, buttressed by data from archeology, comparative linguistics and human population genetics, Michael Witzel reconstructs a single original African source for our collective myths, dating back some 100,000 years. Identifying features shared by this "Out of Africa" mythology and its northern Eurasian offshoots, Witzel suggests that these common myths--recounted by the communities of the "African Eve"--are the earliest evidence of ancient spirituality. Moreover these common features, Witzel shows, survive today in all major religions. Witzel's book is an intellectual hand grenade that will doubtless generate considerable excitement--and consternation--in the scholarly community. Indeed, everyone interested in mythology will want to grapple with Witzel's extraordinary hypothesis about the spirituality of our common ancestors, and to understand what it tells us about our modern cultures and the way they are linked at the deepest level.

### Editorial Review

#### Review

"Not since Frazer's Golden Bough has anyone achieved such a grand synthesis of world mythology. Boldly swimming upstream against the present scholarly emphasis on difference and context, Witzel assembles massive evidence for a single, prehistoric, Ur-mythology. An astonishing book."--Wendy Doniger, Mircea Eliade Distinguished Service Professor of the History of Religions at the University of Chicago and author of *The Woman Who Pretended to Be Who She Was*

"[Witzel's] novel approach brings a different perspective to the myths he analyzes. By all rights, this book should provoke debate and is, therefore, indispensable to any research library. Summing Up: Essential."

--CHOICE

#### About the Author

**E.J. Michael Witzel** is Wales Professor of Sanskrit at Harvard University.

### Users Review

#### From reader reviews:

##### Thomas Smith:

What do you in relation to book? It is not important with you? Or just adding material when you really need something to explain what your own problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to complete others business, it is make one feel bored faster. And you have free time? What did you do? Everyone has many questions above. They need to answer that question because just their can do that will. It said that about reserve. Book is familiar in each person. Yes, it is suitable. Because start from on kindergarten until university need this particular The Origins of the World's Mythologies to read.

##### Josephine Lowe:

Information is provisions for individuals to get better life, information nowadays can get by anyone in everywhere. The information can be a knowledge or any news even a concern. What people must be consider whenever those information which is inside the former life are difficult to be find than now's taking seriously which one would work to believe or which one the resource are convinced. If you obtain the unstable resource then you get it as your main information you will see huge disadvantage for you. All of those possibilities will not happen with you if you take The Origins of the World's Mythologies as the daily resource information.

**Deborah Brantley:**

That reserve can make you to feel relax. That book The Origins of the World's Mythologies was multi-colored and of course has pictures on there. As we know that book The Origins of the World's Mythologies has many kinds or genre. Start from kids until youngsters. For example Naruto or Investigation company Conan you can read and think you are the character on there. Therefore not at all of book are generally make you bored, any it makes you feel happy, fun and relax. Try to choose the best book in your case and try to like reading which.

**James Hudson:**

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's heart or real their interest. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that looking at is not important, boring and also can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this The Origins of the World's Mythologies can make you sense more interested to read.
