## **Editorial Review**

### **Review**

While this guide cannot provide the detail of a text book such as *Janeway's Immunobiology*, the third edition of Immunology surely deserves a place upon every immunologist's bookshelf as an affordable and concise overview of the entire field, something which every biologist should revise every now and again.

**--Laura J. Carney, School of Medical Sciences, University of Bristol, UK**

If you're looking for an outline of immunology for studying, this book would be a good choice. It is easy to read and hits the high points covered by multiple choice questions on exams.
