### SOUL MUSIC : A Novel of Discworld #16 By Terry Pratchett

Discworld is about to rock...Deputising for death was never going to be easy, not least when he has gone walkabout in search of the Meaning of Life - without even leaving a forwarding address. But for his granddaughter, Susan, it becomes even more difficult when she breaks one of the cardinal rules of the family business - don't get involved! All around the Disc, crowds are shouting out for Buddy Celyn and The Band With Rocks In. They are in the grip of a new and dangerous music and Buddy is under its thumb. It's alive, it changes people - and it won't fade away. Grain by grain, Buddy's time is running out and Susan has to save him - it's not going to be easy when she looks more like the Tooth Fairy than the Grim Reaper...Soul Music: The Illustrated Screenplay is the perfect accompaniment to the acclaimed Channel Four / Cosgrove Hall series of Terry Pratchett's bestselling novel and what's more it's got lots of pictures in (154 to be precise).

### Editorial Review

#### Amazon.com Review

*Soul Music* is the 16th book in the bestselling Discworld series, with close ties to the fourth book, *Mort*. Susan Sto Helit is rather bored at her boarding school in the city of Ankh-Morpork, which is just as well, since it seems that her family business--she is the granddaughter of Death--suddenly needs a new caretaker.

--*Blaise Selby*

#### From Publishers Weekly

Nepotism is given an unusual spin in Pratchett's 14th Discworld novel, as Death's granddaughter picks up the scythe when the Grim Reaper takes a vacation. Trolls, dwarves, magicians and rock music?music played with rocks?figure in this amusing but overlong romp, which begins with the formation of a band by aspiring musician Imp y Celen (aka Buddy). Arriving in the city of Ankh-Morpork, Buddy finds a magical guitar which enables the group?a rock-playing troll, an ax-wielding dwarf and an Orangutan pianist?to drive crowds wild. But the instrument causes conflict between the motley crew and Susan, Death's granddaughter, who is just adjusting to her new post. Many of the ensuing comic situations involve Death trying to get drunk, though Pratchett's liberal application of jokes scores as many misses as hits. Extraneous plot information slows the pace as the narrative rattles to a colossal, albeit uninspired, conclusion. Science Fiction Book Club main selection.

#### From Library Journal

When Death takes a holiday-literally-from his job of cutting lifethreads on the planet known as Discworld, it falls to his granddaughter Susan to fill, however reluctantly, his position. Simultaneously, a fortune-seeking bard discovers a magical instrument and proceeds to revolutionize music on a worldside scale, unmindful that his own life is scheduled for an abrupt ending. Pratchett's continuing comic fantasy saga reaches new heights-or depths-in his latest incarnation. Filled with genuine humor that runs the gamut from slapstick to subtle, this most recent effort by the author (along with Neil Gaiman) of *Good Omens* (Berkley, 1992) is a good choice for fantasy collections.
