### **Editorial Review**

#### **About the Author**

Tilman Zitzmann, an interaction and graphic designer, works at a creative agency called The Warriors of the Light. He also teaches interaction design at the local University of Applied Sciences. He loves geometry. Lines, curves, rectangles, circles, triangles are a simplification of our real world but also their building blocks. Geometry, like physics or mathematics, defines how our world is constructed.

### **Users Review**

#### **From reader reviews:**

##### **Barbara Cook:**

What do you consider book? It is just for students as they are still students or the idea for all people in the world, the particular best subject for that? Just you can be answered for that question above. Every person has several personality and hobby per other. Don't to be pushed someone or something that they don't desire do that.
