**Reader in Gender Archaeology (Routledge Readers in Archaeology)** From David S Whitley

This *Reader in Gender Archaeology* presents nineteen current, controversial and highly influential articles which confront and illuminate issues of gender in prehistory. The question of gender difference and whether it is natural or culturally constructed is a compelling one. The articles here, which draw on evidence from a wide range of geographic areas, demonstrate how all archaeological investigation can benefit from an awareness of issues of gender. They also show how the long-term nature of archaeological research can inform the gender debate across the disciplines. The volume:

- \* organizes this complex area into seven sections on key themes in gender archaeology: archaeological method and theory, human origins, division of labour, the social construction of gender, iconography and ideology, power and social hierarchies and new forms of archaeological narrative
- \* includes section introductions which outline the history of research on each topic and present the key points of each article
- \* presents a balance of material which rewrites women into prehistory, and articles which show how the concept of gender informs our understanding and interpretation of the past.

### **Editorial Review**

#### **Review**

"David Whitley has assembled a very fine guide to the ideas that are changing archaeology. This book shows that we have surmounted the limitations of the new archaeology by presenting a colorful variety of new and older scholars who contribute to understanding mind and meaning from past cultures."

-Mark Leone, University of Maryland, USA

#### **About the Author**

**Kelley Hays-Gilpin** is Assistant Professor of Anthropology at Northern Arizona University. **David S. Whitley** is the US representative of ICOMOS and lectures at UCLA.

### **Users Review**

#### **From reader reviews:**

##### **Linda Yohe:**

Reading a book to become new life style in this calendar year; every people loves to read a book. When you learn a book you can get a lot of benefit. When you read books, you can improve your knowledge, simply because book has a lot of information onto it. The information that you will get depend on what sorts of book that you have read. In order to get information about your research, you can read education books, but if you want to entertain yourself you can read a fiction books, these us novel, comics, in addition to soon. The Reader in Gender Archaeology (Routledge Readers in Archaeology) provide you with a new experience in examining a book.

##### **Teresa Bradshaw:**

In this time globalization it is important to someone to acquire information. The information will make professionals understand the condition of the world. The condition of the world makes the information much easier to share. You can find a lot of sources to get information example: internet, paper, book, and soon. You can view that now, a lot of publisher which print many kinds of book. Often the book that recommended to you personally is Reader in Gender Archaeology (Routledge Readers in Archaeology) this book consist a lot of the information on the condition of this world now. This book was represented how do the world has grown up. The language styles that writer make usage of to explain it is easy to understand. The actual writer made some analysis when he makes this book. This is why this book suitable all of you.

##### **Norma Brier:**

Many people spending their period by playing outside with friends, fun activity using family or just watching TV the entire day. You can have new activity to invest your whole day by examining a book. Ugh, think reading a book can really hard because you have to take the book everywhere? It fine you can have the e-book, having everywhere you want in your Mobile phone. Like Reader in Gender Archaeology (Routledge

Readers in Archaeology) which is finding the e-book version. So , try out this book? Let's observe.

**Donna Robinson:**

As a student exactly feel bored to help reading. If their teacher requested them to go to the library in order to make summary for some guide, they are complained. Just tiny students that has reading's spirit or real their pastime. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that looking at is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Reader in Gender Archaeology (Routledge Readers in Archaeology) can make you really feel more interested to read.
