### Fascism (Oxford Readers) From Oxford University Press

No political ideology has had a greater impact on modern history, or caused more intellectual controversy, than fascism. It has been identified with totalitarianism, state terror, fanaticism, orchestrated violence, and blind obedience, and was directly associated with the horrors of the Second World War, which left more than 40 million dead and introduced inconceivable notions of inhumanity. The mere mention of the term today evokes visions of atrocities and ineffable cruelty. Yet, the end of the twentieth century appears to have spawned a renewed interest in fascism, suggesting that it is time for us to examine our understanding of its ideas, ideals, and inequities.

Edited by Roger Griffin, described as 'the premier theorist {of fascism} of the younger generation' (*Contemporary European History*), this important Oxford Reader demonstrates why fascism strongly appeals to many people, and how dangerous the result of this fascination may be. It includes a wide selection of texts written by fascist thinkers and propagandists, as well as by prominent anti-fascists from both inside and outside Europe, before and after the Second World War. Included are texts on fascism in Germany and Italy, on the abortive pre-1945 fascisms in more than a dozen countries around the world, on reactions to fascism, and on post-war and contemporary fascism. With contributions from writers as diverse as Benito Mussolini and Primo Levi, Joseph Goebbels and George Orwell, Martin Heidegger and Max Horkheimer, this compelling anthology provides insight into the depths and breadths of the destructive repercussions of fascist ideology. In no other volume will students of political theory, history, sociology, and psychology have access to such a compendium of key texts on this simultaneously intriguing and frightening political force.

### Users Review

#### From reader reviews:

##### **Patricia Joyner:**

Book is definitely written, printed, or descriptive for everything. You can understand everything you want by a book. Book has a different type. As we know that book is important matter to bring us around the world. Beside that you can your reading ability was fluently. A publication Fascism (Oxford Readers) will make you to possibly be smarter. You can feel much more confidence if you can know about every thing. But some of you think this open or reading any book make you bored. It isn't make you fun. Why they may be thought like that? Have you looking for best book or suitable book with you?

##### **Donald Chen:**

People live in this new morning of lifestyle always try and and must have the free time or they will get large amount of stress from both lifestyle and work. So , when we ask do people have extra time, we will say absolutely indeed. People is human not really a huge robot. Then we question again, what kind of activity are you experiencing when the spare time coming to a person of course your answer will certainly unlimited right. Then ever try this one, reading books. It can be your alternative in spending your spare time, the particular book you have read is definitely Fascism (Oxford Readers).

##### **Amanda Kline:**

Playing with family within a park, coming to see the marine world or hanging out with buddies is thing that usually you will have done when you have spare time, subsequently why you don't try thing that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Fascism (Oxford Readers), you are able to enjoy both. It is excellent combination right, you still wish to miss it? What kind of hang type is it? Oh can occur its mind hangout fellas. What? Still don't get it, oh come on its identified as reading friends.

**Jay Klein:**

Do you like reading a publication? Confuse to looking for your favorite book? Or your book seemed to be rare? Why so many issue for the book? But virtually any people feel that they enjoy with regard to reading. Some people likes studying, not only science book but novel and Fascism (Oxford Readers) or perhaps others sources were given knowledge for you. After you know how the good a book, you feel wish to read more and more. Science guide was created for teacher or even students especially. Those publications are helping them to put their knowledge. In various other case, beside science publication, any other book likes Fascism (Oxford Readers) to make your spare time a lot more colorful. Many types of book like this one.
