### His Master's Voice By Stanislaw Lem

A pulsating stream of neutrino radiation from a source with the power of a sun has been detected on earth and a team of scientists assembled to study and decode the mysterious message. As the scientists wrangle among themselves, clashing and conspiring while jockeying for favor and position, Lem produces a witty and inventive satire of “men of science” and their thinking. In the race to discover whether the message is a technological gift or the formula for the ultimate weapon, the author grapples with the issue of scientific responsibility in a compelling sci-fi thriller.

### Editorial Review

#### Review

"I would recommend [*His Master's Voice*] urgently to anyone in need of a taste of nobility." --*New York Times Book Review*

#### Language Notes

Text: English, Polish (translation)

#### From the Back Cover

"Twenty-five hundred scientists have been herded into an isolated site in the Nevada desert. A neutrino message of extraterrestrial origin has been received, and, under the surveillance of the Pentagon, the scientists labor on His Master's Voice, the secret program set up to decipher the transmission."--BOOK JACKET. "Among them is Peter Hogarth, an eminent mathematician whose posthumous diary makes up the novel. Hogarth joins His Master's Voice after all efforts to decode the message prove futile and, after an early success, gives up on the project to pursue clandestine research into the so-called TX effect. Hogarth comes to realize that the TX effect could lead to the construction of the ultimate weapon - a fission bomb - and that such knowledge must not be allowed into the hands of the military."--BOOK JACKET. "Originally published in 1968, His Master's Voice takes to task the military takeover of scientific research, Cold War - era politics, and humanity's perpetual capacity for (self-)destruction. It remains a mordant satire on scientific microworlds and the monstrous political and military systems bankrolling them."--BOOK JACKET.

### Users Review

#### From reader reviews:

##### **Bryan Smith:**

Within other case, little folks like to read book His Master's Voice. You can choose the best book if you like reading a book. Provided that we know about how is important a new book His Master's Voice. You can add know-how and of course you can around the world by way of a book.
